

PULL the ROCK
Antique Tractor Pull, Granite Ia.
Friday July 15, 2022 at 6:00 p.m.

Stock (if you have to ask if something is allowed, you're likely not in this class)

- No cut tires, tire limits apply (see below)
- 3 mph speed limit, MAX RPM is 10% over high idles.
- Stock seat, fuel tank, stock hitch and drawbar. Max height on hitch is 18"

CLASS 1 1959 & older (4000, 4500, 5000, 5500, 6000, 6500, 7500 lb. classes)

- No cut tires, tire limits apply (see below)
- 3.5 MPH speed limit, MAX RPM max of 20% over high idle.

CLASS 2 1959 & older (4500, 5000, 5500, 6000 lb classes)

- 5 MPH
- RPM max of 20% over high idle
- Cut tires allowed, Max tire size for all classes is 18.4 X 38 on any rim width
- No shifting of T/A

CLASS 3 1959 & older (4500, 5000, 5500, 6000 lb classes)

- Shifting of T/A allowed
- 500 RPM over manufacture high idle

General rules apply:

- Hook fees are \$25.00 per hook, maximum of **three (3)** hooks per tractor total (no class jumping, example pulling stock and class 1 not allowed). Minimum of 3 hooks per class to do a payout.
- NO radial tires in any class.
- Stock and Class 1
 - No cut tires with max sizes applied per weight classes:
 - 210 sq in tire size max for classes thru 5500 lb 14.9 X 38
 - 255 sq in tire size max for 6000 lb and 6500 lb 16.9 X 38
 - 320 sq in tire size max for classes 7500 lb 18.4 X 38
- NO shifting of TA's for stock, class 1 and 2. Allowed for class 3 only.
- Drawbar must be stationary with a 3" hole and no more than 1" of material left at the rear of the hole. 20" height for classes 1-3. No closer than 18" from the center of the rear axle. Fast hitches must be pinned solid and locked from movement.
- Weights cannot be more than 11 feet from the center of the rear axle. Rear weights must not extend beyond the rear tires.
- Any part falling off the tractor after being hooked and until the tractor is unhooked will result in disqualification.
- No turbos allowed. Naturally aspirated only, no LP or nitrous oxide injection. Blowers allowed on Detroit diesels. No curved exhaust pipes.
- No homemade intake or exhaust manifolds. Ag type carburetor only. (applies to stock, class 1 & 2.
- Tractors must have the same number of cylinders as equipped from the factory.
- Fuel allowed is gasoline, diesel fuel LP gas E85/99
- Throttles must have a positive stop and a working governor.
- All tractors subject to RPM check at any time.
- All decisions made by track officials are final.
- Tip bars required in class 2 and 3. Kill switches required for class 3.
- Protests must be made while tractor is hooked to the skid. Protests must be made by another puller in the same class.
- 100 lb weight allowed (pulling 550 lbs, your max weight is 5600 lbs)
